# Letter from the Superintendent

Jill Davis  
Superintendent-Director

## Congratulations Class of 2023!

I would like to commend each and every one of you on your remarkable achievement of graduating from Greater Lowell Technical High School.

You have worked diligently during the past four years and embraced all that Greater Lowell Tech has to offer. Please do not forget the experiences that have brought you to this moment. Hold on to them— the laughs, the cries, the friendships you've made, the lessons you've learned, the knowledge you've gained, the technical skills you've mastered, and the hardships you've navigated. These have all shaped you into the confident individuals that you are today.

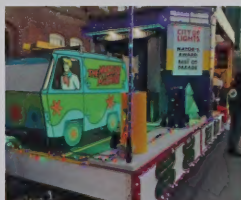

Steve Jobs once said, "The only way to do great work is to love what you do. If you haven't found it yet, keep looking. Don't settle. As with all matters of the heart, you'll know when you find it." Your time at Greater Lowell has started you on a path to finding what you love. In this next chapter of your journey, value what you have learned thus far, embrace your strengths, and find your passion. Your passion will lead you to your true purpose in life.

It has been an honor and privilege to serve as your Superintendent-Director. I encourage you to apply the best of what you have learned at Greater Lowell as you build your own life, contribute to your family and community, and use your voice to make your mark on the world.

Congratulations, Class of 2023! I couldn't be prouder!

Wishing you all the best,

*Miss Davis*

# In Memoriam

## Jesus Ibarra

To learn without loss  
Is to grieve without pain  
More love does not mean real love  
Less eyes means more to tell  
Nothing can change one moment more  
than the next  
Hatred lies at people's feet and is  
Taken into action by the merciless  
More of the ways that life is treated as  
a string  
Cut in more ways than one

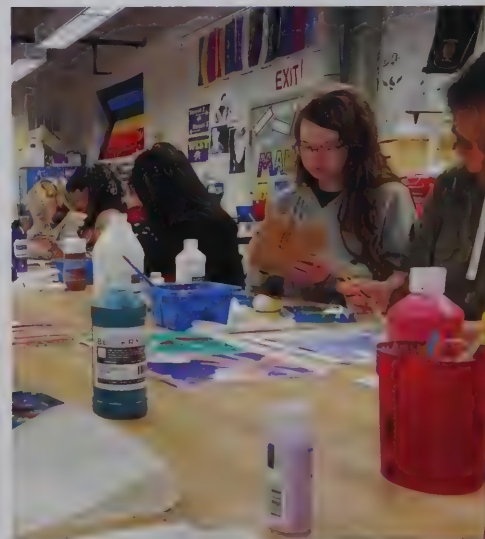

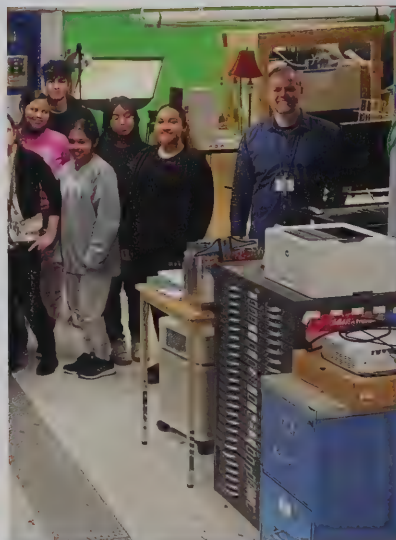

Inspired by What The Living Do - by Marie Howe  
Written by Miracle Obianeli '23
